## Inauguration Viewed By Thousands Here

President Eisenhower took the oath of office to protect, defend, and uphold the constitution "in full view of many Arlington school children, via the magic medium of T.V."

Foot traffic in the business districts dropped noticeably as the ceremonial hour approached. Owners of sets all over town entertained friends and, in some cases, not too close acquaintances.

Arlington had its own representation at the ceremony in the persons of Mr. and Mrs. David A. Wilcox.

Through the generosity of local television dealers as well as friends and teachers who loaned sets, many of the pupils in seven of the grammar schools, both junior highs and the high school, saw at least a portion of the inaugural proceedings. Clifford R. West, A second set at the West Hall, superintendent of schools, was supplied by Avery's.

Superintendent Hall reports that Brackett school had one set loaned by Avery's and one by Col. which was supplied by Avery's. The set at the Industrial Radio and Television Service at Arts was loaned by Avery's.

## FROST TO MODERATE MEETING; EVASION IS CHARGE IN LETTER

Edmund L. Frost, retiring chairman of the Board of Selectmen, this week accepted the post of moderator for the candidates night planned by the Committee of Citizens for Town Manager.

All candidates for Town Office are being invited to speak at the meeting which will be held Feb. 17 at Junior High East, but the committee has said that the emphasis will be on the candidates for Selectmen. Co-sponsor of the meeting is the Arlington Advocate.

Chairman Frost in a statement two months ago announced he was not a candidate for re-election.

Under the provisions of the Town Manager Act which the vote of the Town last November approved, the Board of Selectmen, increased to five, will select the town manager.

"Voters must choose their Selectmen with particular care this year," said the chairman of the Committee, "because the Town Manager plan cannot function properly for Arlington if the manager does not have the support of the Selectmen. He must be wisely chosen and then be given the full confidence of the Board for his three year term."

The committee which was the spearhead of the drive to get the town manager plan before the voters last November included more than sixty public-spirited residents.

The committee in a letter this week appealed to all candidates for selectmen to state, without quibbling, whether or not they will give the manager their support. It is evading the issue, in the Committee's opinion, when a candidate says he believes in giving Town Manager a fair trial."

A spokesman for the Committee said, "This is evading the issue. The Town Manager plan is now law." [See letter, adjacent column—Ed.]

1203 Massachusetts ave., at the request of the P.T.A. Crosby school had one set which was supplied by a parent. Cutter school had three sets, one donated by Avery's, one by a teacher and one by a parent.

Dempsey and Denman, Inc. of 40 Massachusetts ave. loaned one set to the Hardy School at the request of the P.T.A. and two others were rented by the P.T.A. from a Boston firm. Dempsey and Denman also loaned a set to Parmenter.

Locke School had three sets, one loaned by Avery's and two supplied by parents. Peirce School had two sets, one loaned by Avery's and one by a parent. The set at Junior High East was loaned by Colonial Radio T.V. Co. of 1369 Massachusetts ave. which also loaned a set to Junior High West. A second set at the West Hall, superintendent of schools, was supplied by Avery's.

High school pupils watched the proceedings on two sets, one that Brackett school had one set loaned by Avery's and one by Col. which was supplied by Avery's. The set at the Industrial Radio and Television Service at Arts was loaned by Avery's.

## ROSTER FOR TMM STILL UNFILLED

Vacancies for Town Meeting members still occur in all but four precincts, according to the Town Clerk's office Tuesday noon.

While last week brought an increase of twenty more candidates, the total is still only 79. There are 91 vacancies.

Town Clerk Golden pointed out that the total of 79 is not absolutely factual. "This is not the number who have actually filed. Many have indicated to us they are candidates but we have not yet seen their signed nomination papers."

VACANCIES

Another important point very few of the candidates have actually filed. Thus discrepancies may be even worse.

FIRE CHIEF Richard B. Tierney shows Gerald Carroll (age 5) of 152 Gardner st. how to sound the fire whistles which will start the famous Mothers' March on Polio which will be held next Thursday, Jan. 29, from 7 to 8 p.m. Mrs. Marion McKeever and Mrs. Marguerite Dormitzer, co-chairmen of Arlington's March, look on.

## THOUSANDS OF PORCH LIGHTS WILL BECKON MARCHING MOTHERS

The climax of the local Polio Drive will be reached in the Mothers' March, planned for next Thursday, Jan. 29, between 7 and 8 p.m. The payoff, officials point out, is that donors do not have to leave their homes to participate.

It is requested that, when fire whistles blow and church bells ring at 7 p.m., residents wishing to contribute should put on porch lights. Seeing the light, the contact mother, a neighbor, will call, it is planned.

Officials say over 6,000 lights glowed last year. They hope for even greater response this year.

A spokesman for the drive declared, "Turn on your lights to show how you wish to support Arlington's 21 polio victims. Remember, you can walk; they cannot. No contribution is too small."

## Girls Scout Council Plans Dinner Meeting

The Arlington Girl Scout Council will hold its annual meeting on Monday night, preceded by a dinner at the Unitarian Church parlors at 6:30 p.m. Joining with them will be the Girl Scout Leader's Association.

Mrs. David Shute, retiring president, will preside at the brief business meeting for election of officers.

## Face Record '53 Warrant; Employes May Seek Raises

### SLATE PROPOSED BY EAST ASS'N

Endorsement of a slate of candidates for town office in March by the East Arlington Town Meeting Members Association climaxed a rousing discussion at the meeting Jan. 19.

Endorsed candidates, all residents of East Arlington, are Donald F. Munro, 36 Brooks st., candidate for selectman for the one year term; Cesaree J. Florenza, 82 Marathon st., selectman for the three year term; Robert J. Brosnan, 88 Lake st., library trustee; James A. Coffey, 19 Burch st., housing board; Francis A. Coughlin, 55 Adams st., park commissioner; Herman Ockenza, 42 Marathon st., planning board.

The association also heard a report from the letters which had been sent to members of the legislature representing the area and to Edward A. Dana complaining of the transportation on Massachusetts ave. from Harvard Square to Arlington Heights.

William J. Carney, 26 Bates rd., superintendent of the surface transportation of the M.T.A., was present and explained the conditions under which the M.T.A. now operates. He promised that a supervisor would be placed in the subway terminal from 4 to 7 p.m. with instructions to change the destination of cars when necessary.

Rep. Joseph P. McAvoy and Rep. James R. Doncaster sent reports to the meeting that they are continuing their efforts to get shelters at the Clarendon Hill bus terminal.

### B.C.A. Card Party Will Be Jan. 29

The fourth annual card party of the Boys' Club Associates will be held at the Town Hall on Thursday, Jan. 29, at 8 p.m.

A large committee headed by John Mulcahy has been preparing for the event. All proceeds will be used to help defray expenses of the 1953 Boys Club Day Camp program. An array of door prizes, including clocks, toasters, steam irons, scales, waffle irons, etc., await the lucky winners, as well as other prizes for the card players, according to Charles Schultz and Jack Katz.

Don Moore and Dave Busfield are in charge of the refreshments.

The committee anticipates another sell-out for this, which they describe as the biggest event of its kind during the year.

### The Gift Was Returned

"Here's how it works," says Mrs. Russell T. Hamlet, chairman of the Red Cross Bloodmobile, which will be in Arlington at the St. John's Church on Feb. 3 to receive donations of blood from local residents.

"The other day an Arlington man's wife was taken to the hospital for an operation which required a transfusion. The hospital supplied the blood and asked the man to see that it was replaced. The man couldn't give blood himself as he had had jaundice at some time so he came to me to see how he could replace the blood owed the hospital."

"I looked on my records," Mrs. Hamlet continued, "and found he works for a concern who sends a group regularly when the Bloodmobile is here. The blood donated by this group is credited to the company and anyone who works there is entitled to have any blood taken from the blood bank for the worker or his family immediately replaced by the Red Cross."

"This man left me saying he was going to do everything he could to sign up blood donors for the visit of the Bloodmobile here so it would be available to others in an emergency," she concluded.

For appointments for blood donations townspeople are asked to phone Mrs. Hamlet of Victoria rd.

The annual Town Meeting will face a warrant containing 85 articles, the Selectmen's office disclosed this week. Last year's warrant contained 58 articles and took five sessions to complete.

Authorities believe this year's agenda is a record breaker.

The subject matter of the 85 articles was not disclosed. "Since the closing of the warrant on Monday, we have been working on the proper order," Secretary to the Board, Frank Nicksay said. He announced the contents of the warrant would be made public next week.

Many articles are considered to be controversial by observers.

THE PERSONNEL Board will come in with a recommendation for a blanket two dollar per week raise for Grades 1 through VII, inclusive; also, a \$300 boost for the fire and police chiefs. This was confirmed last night by the Advocate through Chairman M. Norcross Stratton.

It is understood that the Town employees are eyeing these raises with some skepticism. One town employee called them "spot" raises.

It is said that employees and their leaders wonder—if the times during the week, members Personnel Board has taken three years to develop an equitable classification plan, why this boost to certain employees?

\$12,000 For Town Manager Association has filed an article of their own under which a raise for all classifications can be sought.

A pay boost for the wire and building inspector, through a step up of grade, is being proposed by the Selectmen, it is said.

The Selectmen are rumored to be hovering around a \$12,000 figure for the salary of the town manager.

UNDER the so called St. Paul plan, under which town employees receive automatic boosts or cuts according to rise and fall of prices, two raises have occurred. One was in August of 1951, the other in August, 1952. At the present time the index has been falling slightly—four tenths of a point.

The index must fluctuate five full points before a three per cent change in pay is effective.

### Uniform Vacations

Uniform vacations of three weeks are being recommended by the Personnel Board, it is rumored. At present some departments grant only two.

Another proposed benefit, it is believed, is cumulative sick leave. Employees are granted 15 days each year. Under the proposal he may "bank" them, up to 120 days, over a period of years.

It is felt this will encourage better on-the-job performance.

### CATHOLIC WOMAN'S CLUB

The Arlington Catholic Woman's Club will conduct its annual guest night program Wednesday evening, Jan. 28 at St. Agnes School hall.

The hostess, Miss Doris J. McCarthy, second vice president, will present Dr. Frederick J. P. Rosenheim, doctor of psychiatry, as the guest speaker. Mr. and Mrs. Philip Saltman will entertain.

The first broadcast will show "The Landing of the Hindenburg." On the monitor behind Cronkite can be seen the flaming hulk of the ill-fated dirigible as it exploded over its mooring mast at Lakehurst, N.J., in May, 1937.

The Electric Light and Power Companies of America will sponsor the series on CBS-TV.

Silver Turtles  
Will Try Again  
To Raise Funds

The Silver Turtles will try again. Supplementing the disappointing returns from earlier projects, they are making plans to raise funds to send at least ten of the town's most outstanding Scouts to the National Jamboree in California next summer.

Information on the new project is a secret as yet but according to Harold N. Anderson, treasurer of the Turtles, "The success of our new venture will not be at the mercy of the weather."

In his final report on last fall's "Music Under the Stars" Anderson stated that the proceeds amounted to only \$700, because of the rain. This is not quite enough to send two Scouts to the Jamboree.

So sure are the Turtles of the success of their new plan that a committee from the organization has been visiting all Scout Troops and explaining the rules which will determine which boys will be selected to make the trip with all expenses paid.

Several Scoutmasters, it is said, plan to put in immediate operation a point system, based on these regulations, for the selection of "top" Scouts in their troops.

Another in a series of old-fashioned bean suppers will be held on Saturday evening from 6:00 to 7:00 o'clock in the church vestry, with William J. Sinclair and W. Dale Barker in charge. These family get-togethers provide fine fellowship and are very popular with members of the church and parish.

Fifteen per cent goes to the Massachusetts Heart Association and twenty-five per cent to the American Heart Association. Of these latter amounts, one-half is earmarked for scientific research into the causes of diseases of the heart.

## Red and Gray Jottings

by Janet Kirschbaum

Orders for the Yearbook of the Class of '53 are being taken this week in the homerooms. The Book should be one of the best because of the constant and diligent work of the editor and staff.

Rindge Tech scored a surprising upset over Arlington, 2-1, in last Friday night's hockey game. In spite of the loss, the first of the season, Arlington still leads in the G.B.I. standings. The Red and Gray's next game, the last of the regular season, will be played Friday night against Cambridge Latin at the Garden, third ice. Playoffs will begin Jan. 30 at the Boston Garden.

On last Friday afternoon Arlington downed the basketball team from Rindge Tech, 66-44.

The locals had also won their game against Newton, played Wednesday afternoon, Jan. 14, by a score of 56-51. Their next two games will be played here against Watertown, Friday, Jan. 23 at 3 p.m. and at Brookline on Jan. 27.

A "Rec" dance was held at the Town Hall last Friday night, with music provided by a band composed of High School students. Ed Penney of WTAO, will hold a Record Hop there Friday night and another on Feb. 13.

Arlington High School scored two points in the B.A.A. track meet which was held Saturday afternoon. Arlington placed in a semi final heat and final of the 50-yard dash, in a semi final heat in the 100-yard run, 600-yard run, and won a heat in the mile and the relay. The next meet will be held at the Garden against Watertown on Saturday.

The Student Council is again holding A.H.S. bookovers. It is sincerely hoped that this project is as successful as their previous ones.

Arlington and Winchester Combine  
School Orchestras For Concerts

For the third successive year the combined orchestras of Arlington and Winchester High Schools will present concerts in the two towns. Tried as an experiment two years ago, the idea proved so successful that it has been continued.

The concert in Winchester will be held on Jan. 30, and in Arlington it will be on Feb. 6.

The combined orchestras will comprise about 45 pieces. Each group has had its own rehearsals, and there have been two combined rehearsals, one in each town.

Living The Faith  
Daily, Makes Church  
Great, Says Minister

"Ministers I Have Known" was the title of the sermon delivered at the Universalist Church by the pastor, the Rev. George J. W. Pennington, last Sunday.

Mr. Pennington stated that there have been seven great ministries arising from the pews to conduct their service day by day: (1) those who have helped the anxious and despairing to find assurance and dignity; (2) those who have comforted the ill, the infirm and bereaved; (3) those who have personally increased the numbers in their Church; (4) those who have encouraged their children to enter the service of God and man through the Church; (5) those who have been exemplary in the practice of their convictions; (6) those who have been responsive to the developments of their day; (7) those who experience worship in their intimate living.

The pastor concluded his sermon by saying "These are the ministers I have known, and everyday I search my path for other men and women who, in the pews on Sunday mornings, rise up to live the faith of their Church all week and thereby make it great."

The sermon to be delivered next Sunday is entitled, "Maltex Cereal, or, The Flight From And Search For Authority", directed at one of the great and largely unexamined matters of individual living in our day.

**Odd Fellows Mark  
171st Birthday**

Bethel Lodge No. 12 is joining with other Odd Fellow Lodges in this area in a dinner celebrating the 171st birthday of their founder.

The program in honor of Thomas Wilkey, founder of Odd Fellowship in America, will begin with an "Earl Baldwin" ham supper in the banquet hall of Prospect Lodge, Waltham, at 6:30. After the dinner, members and their friends will go to South Junior High auditorium for a two-hour entertainment, beginning at 8.

A coach spring maker by trade, he emigrated to Baltimore, Md., in 1817 where he formed the first lodge of the organization. During the remainder of his life he served as the first leader of Odd Fellowship, first on a local level and then on a state and national scale as the society grew. He died in Baltimore, Md., in 1861.

**(Correspondence)****OUTLINES PLATFORM  
Arlington Advocate**

As a candidate for re-election to the Arlington School Committee I would like to acquaint my fellow townspeople on my service of the past three years.

Being a member of the School Committee entails more than one meeting a month as many people suppose. There are many extra meetings and in order to do one's job properly should be attended as well as the regular meetings. There are also "area" meetings which take place in other cities and towns. Hearings on bills pertaining to education and the legislation of same which one should attend.

During my three years of service I have missed only one regular meeting and one "area" meeting and have attended all extra meetings and conferences. I have attended the State Convention at least one day each year at my own expense.

The Arlington School Committee does not have an unlimited expense account as do some other communities and therefore many extra meetings entail expense paid for by the individual member.

However, the members feel that it is a civic duty done with pride by those on the committee. I have tried to do my duty to the best of my ability and always with the interest of the school children paramount in my mind. I have voted on debatable questions in a way that I felt would benefit the majority of the students. I have worked to improve the lighting, playgrounds, and buildings and feel that we are now embarked on a program of modernization which has greatly helped both student and faculty.

It has always been my policy to leave the administration end of things entirely in the hands of our superintendent as that is his job primarily. I feel that we are indeed fortunate in Arlington to have such a capable and able superintendent who is looked upon with great respect over our entire State.

I am in favor of at least two open meetings a year and especially would like to have the meeting when we discuss budget an open one thus enabling the populace an opportunity to see how closely we scrutinize and discuss each item, as we are fully cognizant of the taxpayer and his burdens.

In one of your recent editorials you queried as to the attitude that would be taken in regard to the Town Manager by the members of the committee. Personally, I have always endeavored to work along with those that I was closely associated with, and the Town Manager will be no exception. I will support him wholeheartedly and trust that he will continue to carry on the building program now underway both as to new and old buildings.

Improvement of our town in any form should be the first thought of any office holder as well as the townspeople in general and we should all work for that end.

Thank you kindly for allowing me the use of your paper as a medium through which I might reach my fellow townsmen.

Very truly yours,  
Mary K. Boyd  
(Mrs. James R. Boyd)

## Two-Day International Relations School Sponsored By State Women Voters League

## FINE ARTS COMMITTEE PRESENTS HEIDI

Heidi, the little Swiss girl who helps her grandfather tend his goats on the mountain meadows, is coming to Junior High East on Saturday with all her companions.

The mountain background and the glorious sunset that so thrilled Heidi are faithfully depicted. Then there is the Grandfather's house with its low door, a door so low one must stoop to enter—a protection against the high and powerful winds that sweep down through the valleys.

The audience can hear this wind as Heidi loved to hear it whistle through the fir trees. They will also hear the goats bleating as they are driven along—the goats that are so important to the people of the Alpine country, for their skins that are made into bags and coverings, and the milk that is so delicious cheese.

The performances are planned for 10 a.m., 1 p.m., and 3:15 p.m.

Tickets for the first two performances are sold out and only a few remain for the third. The setting for this play is in the Swiss Alps, which is not a mountain peak as some people believe, but is the green pasture land that lies on the slopes of

the mountains. The scenery and effects carried by the company give a very realistic picture as the play unfolds.

The Clare Tree Major Children's Theatre production of "Heidi" which will be presented under the auspices of the Fine Arts Program sponsored by the P.T.A. Council, is said to retain all the charm and atmosphere of the original story, a long time favorite with child readers.

The performances are planned for 10 a.m., 1 p.m., and 3:15 p.m.

John Nicholas Booth, minister in the Seventh General Assembly, was the luncheon speaker. The afternoon will be devoted to a discussion of "Africa, the Last Frontier," with John Allan May, assistant to the foreign editor of the Christian Science Monitor, and H. A. Welschoff, chief of the territorial research and analysis section in Department of Trusteeship, participating.

The mountain background and the glorious sunset that so thrilled Heidi are faithfully depicted. Then there is the Grandfather's house with its low door, a door so low one must stoop to enter—a protection against the high and powerful winds that sweep down through the valleys.

The audience can hear this wind as Heidi loved to hear it whistle through the fir trees. They will also hear the goats bleating as they are driven along—the goats that are so important to the people of the Alpine country, for their skins that are made into bags and coverings, and the milk that is so delicious cheese.

The performances are planned for 10 a.m., 1 p.m., and 3:15 p.m.

Tickets for the first two performances are sold out and only a few remain for the third. The setting for this play is in the Swiss Alps, which is not a mountain peak as some people believe, but is the green pasture land that lies on the slopes of

the mountains. The scenery and effects carried by the company give a very realistic picture as the play unfolds.

## HEIGHTS STUDY CLUB

In spite of the snow and ice from the recent storm, a large number of guests gathered at the home of Mrs. Hallam T. Ring, 179 Hillside ave., for the regular meeting of the Arlington Heights Study Club, on Jan. 13.

Mrs. Adler M. Hanson and Mrs. Nils Langkjen presided over the tea table. Mrs. Charles Campbell read an interesting paper on Horace Mann.

## Editor Heard In Talk Before Bishop P.T.A.

Modern education received roses and brickbats at the John A. Bishop P.T.A. meeting on Tuesday. Speaker was Leonard Wood, editor-manager of the Arlington Advocate, on the subject, "A Newspaper Man's View of What is Happening in Education."

While paying tribute to improvements of present day school systems, with particular praise of Arlington's Guidance Department, the speaker's most telling indictment was, "I believe we fail to translate citizenship to the child early in his daily life."

Wood also said that he felt the fundamental subjects of reading, writing, word comprehension and mathematics should be stressed more. "The average teenager can neither read or write in anything approaching good English usage," he said.

Mrs. Maurice Kirkpatrick conducted the business meeting. Mrs. Francis Keefe, chairman of the Budget-Finance committee, presented the budget for 1953 which was adopted.

Mrs. Harold E. Magnuson presided at the coffee table. The refreshment hour took the form of a surprise birthday cake for the speaker.

## That Man About Town

By MAT

Monday, March 2, is election day for local officials. There are only six more weeks for campaigning. So far, two organizations are holding candidates—the League of Women Voters and the Citizens Committee for Town Manager. The second meeting is co-sponsored by this paper, as a community service.

It is our opinion that more civic and improvement associations should do likewise. The only way, in this town, that voters can find out the records and qualifications of Selectmen candidates (and others) is to see and hear the men. Newspaper advertisements are excellent but not enough avail themselves of this form of political education.

Changing from a Board of three to a Board of five men calls for intensive research by voters into qualifications of the men running. While it is true some are running only as stalking horses to insure wins for others, among those running on an honest basis are at least three who stand out in the one, two and three-year vacancies. To us, a man's past record of actual civic and municipal efforts and his willingness to give more than duty requires are two necessary attributes that come first. Then comes the ability to administer and to make decisions. Decisions on the basis of "What's best for all concerned?"

Voters should not listen to innuendoes, insinuations or sneers. They should examine the facts and, if they do, the best qualified men will be elected.

The first storm of the year was some "punkins". While the cost was within reason, some of the work done was not up to standard. Again we find that supervision should be stressed more. Some of the plows were running

up and down Massachusetts Avenue, pushing an inch of snow. This after the storm had abated and other plows had kept it open. It seems to us that the two running one after the other could have spent more time, at that stage of the game, on some of the side streets which still needed plowing out. In fact, we saw one street that was plowed on one side only which was tough on residents on the unplowed side. Oh, well... it was a pretty good job for most of us. Thanks, plowmen!

We have been told that the 4th Degree Club of Arlington's Knights of Columbus are mailing out a resolution to many civic and fraternal organizations in Arlington. The resolution will request action from these groups to eliminate objectionable literature from the news racks in town. We hope they'll mail us a copy—it's news. The action taken is also news and, we are thankful some group took up our recent challenge to do something about the situation. We'll do all we can to help—just drop us a line.

This paper would like to obtain a copy of its first issue—dated December 16, 1871. We feel that somewhere in Arlington, some long-time resident or family may have a copy. We'll be glad to pay for it as a collector's item. Have a look now.

One Selectman candidate to a friend: "I should have 'son' on the end of my name, to get elected." Here are some of the names of town officials—Magnuson, Sorenson, Rawson, Sampson, Alderson, Allison, Henderson, Parsons, and new possibilities Alderson and Patterson.

[The opinions of MAT do not necessarily coincide and often do not, with ours—Ed.]

## Friends To Present Comedy Premiere

On Thursday, Friday and Saturday, Feb. 5, 6 and 7, The Arlington Friends of the Drama will present "A Play For Mary" by William McCleery. The play is a light comedy and this version by McCleery will be shown for the first time. It is the story of a producer, actress and playwright.

The author has been to Arlington to consult with the Director, Bill Casey, during rehearsals. Casey is well known to all the Friends for his ability to bring out the utmost from his cast, and in this play he has created a remarkable light, fast-moving performance of a clever comedy.

Richard Guinan plays Milo, the producer with just the proper amount of bombast and arrogance. Inez Frost takes the part of Mary, the actress, who is torn between fealty to Milo and love for the young playwright, who is played by Milton Paige Jr. He is new to the wiles of Broadway, but being a native Vermonter does all right for himself.

### HAIL, MR. PRESIDENT

We salute the President of this country—Dwight Eisenhower. We hail him not as a great man but rather as a leader of our great country. To us he stands as the embodiment of our American Way. He was not born with riches. Due to his life in the Army, the number of vote-getting friends was limited. Yet he won by a landslide.

His success proves that, given a man from sober, God-fearing forebears with a determination to excel, this Country and its way will produce champions in numbers required to protect and preserve that Way.

### WE WELCOMED THE OPPORTUNITY

Every local voter must be fully aware that the next step toward a successful Town Manager form of government here is the selection of the manager, himself. He is the key figure.

Arlington's future manager will be selected by a new Board of Selectmen. We say "new" because this body will be increased from three to five members. Of the five only two will be veterans—Messrs. Kenney and Sorensen, incumbents.

In March this year three new men will be chosen. To date there are about a dozen candidates. Adding to the complication is the fact that the voter must choose, not just three good men, but one best man for each of the three terms.

It is going to be a tough decision. Thus the Advocate welcomed the opportunity, when invited, to co-sponsor a candidates night on February 17th with the Committee of Citizens for Town Manager.

This Committee with its near hundred sponsors of civic-minded citizens put the Town Manager plan over the top in the November referendum. The Advocate lent its full support to the Act editorially.

It therefore seems logical that this rapport between committee and newspaper continue in order to aid the voter in his selection of the best candidates so that they, in turn, may select the best manager.

With a presiding officer of the caliber of Mr. Frost, retiring chairman of the Board of Selectmen, the affair cannot help but be run on a fair-for-one-and-all basis. He will, we are sure, insist on outlines of platform rather than personalities.

Voters in large numbers should plan to attend.

### THE WHIPS SHOULD WHISTLE

In too many instances the precinct chairmen have failed to fulfill their responsibilities to date. As of Tuesday noon there are still nine precincts with insufficient number of candidates to fill the Town Meeting member rosters.

In both cases, unless the condition is promptly rectified, the voter will have no choice. Those candidates who are running—good, bad or indifferent—will be elected automatically.

Perhaps we are a bit unfair when we blame the precinct chairmen alone. Residents in the delinquent precincts should have stepped forward. On the other hand, vacancies must be known to exist in order to have people volunteer. The chairmen should see their job as the whip for the precinct.

Up to now the situation is disgraceful. We hope by the deadline next Monday the whips will get whistling!

### SHALL WE ACT OUR AGE?

Reprinted from the current issue of the High School "Chronicle"

We were a little unhappy to read a notice in the January first ARLINGTON ADVOCATE asking "the Student Council to take action to stop the ungentlemanly actions of the students taking place in the M.T.A. street cars." Some of the actions were listed as yelling, pushing, smoking, etc. The article was signed "The Menotomy Indian".

Unfortunately we find from riding on these same cars that the accusations are far from undeserved. However, we think that there is a group who can save the Student Council the trouble of taking the suggested disciplinary action. This group is the offenders themselves. Here is a chance for we students to erase, we hope forever, a blot that is marring an otherwise nearly spotless reputation of good behavior belonging to Arlington High students.

Smoking in street cars is, of course, against the law. Truly, the law is not enforced, but do we who are old enough to be High Schoolers need the long-arm of the law standing behind us with a club before we will obey?

Yelling, pushing, bell ringing, etc. are just childish actions which don't help the tempers of conductors or passengers, and which certainly are unbecoming to High School students.

We believe that no disciplinary action is necessary from the Student Council, but that we students are capable of correcting this fault without being forced!

## GRIST FOR THE MILL

## DALE CARNEGIE

★ AUTHOR OF "HOW TO STOP WORRYING AND START LIVING" ★

SHIRLEY M. DECKER, 3744 Greenway Place, Shreveport, La., married a man who had a \$20,000.00 interest in a flying school. He was a million dollar producer in the life insurance business and consequently did not have time to operate the flying school. So she went to work at the airport and for the next two years that flying school was the big black beast in her life. The succession of managers hired began to shift more and more of the responsibility on her and she simply did not have the ability to handle it. She knew little about airplanes and no matter how hard she tried, they kept going in the red.

It finally got to the point where she hated the word airplane. She cringed at the sound of one flying overhead. She would lie awake at night worrying about them and about letting her husband down. They were going to lose \$20,000.00. She had knots in her stomach and thoughts of going out to the airport would actually nauseate her. She was afraid she had stomach ulcers.

Then her sister came to visit her. She saw what Shirley was doing to herself and told her that if she didn't quit worrying she would have a nervous breakdown. She added that if she had done the best she could and couldn't change things, to quit worrying about it. Then she gave the best advice Shirley says she ever received: "Live each day unto itself."

It wasn't easy, she declares, but that is how she managed to get through the next year.

When they closed the doors on the flying school they had lost \$20,000.00 but she had learned a valuable lesson she says. Nothing in this world is worth the worry she devoted to that flying school.

She passes on to you this suggestion: If you ever find yourself in a situation that causes you nothing but worry and grief and you can't change things for the better, then get out of it. If you can't get out of it, the only thing you can do is to live in daylight compartments.

## SCANNING THE NEWS

WASHINGTON is agog over the inauguration and has talked about little else for the past two or three weeks. The inauguration of Dwight Eisenhower will be, of course, one of the big news stories of the year. Behind the scenes, however, speculation continues as to whether there is a possibility of a split between the executive and legislative branches of the administration in the very near future.

Most news stories out of the Capitol during the past week indicate that the Republican administration is determined to launch a strong legislative program that will keep the GOP in control of Congress two years from now.

A number of news stories have pointed out that the inaugural ceremonies skip lightly over Eisenhower's Army background. One float touches upon his West Point period, but that one has a big football as the point of interest.

Meanwhile, as the nation focuses its attention on Washington, activity in Korea has increased during the past week. Red troops have increased their pressure against the South Koreans. The Reds seem to be trying to break the fighting spirit of the South Koreans with bullets and propaganda.

The pressure has caused Gen. Mark Clark to announce that American soldiers serving behind the lines will have to spend more time in Korea because of a shortage of replacements.

This may be part of the reason the Defense Department has announced a draft of 53,000 for January, the largest number in many months. Dispatches indicated this high draft call may be continued for much of this year.

Elsewhere in the news, Stalin's much discussed replies to a number of questions submitted to him by The New York Times has sim-

mered down to the belief that it is all propaganda. News analysis this past week have generally come to the conclusion that the Stalin statements represent nothing more than another Kremlin propaganda move. In his replies, Stalin indicated that he would be willing to meet with Eisenhower, he didn't think war with the U. S. inevitable, and the U. S. S. R. will cooperate to end the war in Korea.

A hint of things to come in the near future was given when the House Small Business Committee urged the abandonment of price, wage, and material controls. The committee said, in part, this move "would provide a smooth transition back to free competition."

This problem of controls will be one of the first pressing problems of the Eisenhower administration. Wage, price, and rent controls expire April 30 under present law. Priority and allocation controls over scarce materials will expire June 30.

The question is whether the new administration will take action to extend them or let them die their natural death?

The House Small Business Committee does not believe that prices will rise if ceilings are removed:

As a new cabinet takes over the government in Washington a big question, and a newsworthy one, is being asked by political observers. Just how well can a President trained for the Army, and a cabinet trained in finance and business, get along with the politicians?

It is an unanswerable question, of course. But this much is certain: These business men and Eisenhower cannot succeed unless they learn to understand and tolerate politics and politicians, the men in congress who must go before the voters of their districts for periodic election.

## ACROSS the DESK

From The Shamokin Citizen, Shamokin, Pa.: Going from neighbor to neighbor, her eyes brimming with tears, a little five-year-old girl sought help for her mother. Little Louise Chianello, of New York, overheard her father's frantic telephone calls in his efforts to solicit blood donors for his critically ill wife, decided that her mother could best be helped by her direct appeal: "Please help my mommy so that she can come home again."

Like the worried father, she sought the precious life-giving whole blood that could restore her mother to her. To such an appeal, hardly anyone capable of giving would turn a deaf ear.

To the pleading of others who have sought the gift of health-restoring blood, many of us have turned our backs. Giving to the Red Cross bloodmobile unit is not so emotionally satisfying for the unimaginative who cannot envision the little girl in tragedy's background. But frequently the plea is made, and often the opportunity presents itself to answer a little girl's prayers for help.

To the Red Cross most of us who are in good health can give blood to those who are in desperate need. If we are sensitive enough to the plight of others, we will foresee the need before it becomes desperate.

From Carlsbad Current-Argus, Carlsbad, N. M.: Every big labor boss in the country... was campaigning against the Republicans. Millions and millions of dollars were poured into the election fight by professional labor bosses. And they lost every dime of it. The money didn't come out of their pockets, of course, but came from the union treasuries—from the dues of hardworking union members.

From Wilmington Morning Star, Wilmington, N. C.: The government, since President Roosevelt launched his NRA, has piled special agency upon special agency, with spendthrift frequency, so that thousands of federal employees have been getting in each other's way, listlessly duplicating each other's tasks, at the expense of the taxpayers. Surely this can be curtailed, if not wholly eliminated. The tens of millions of dollars to be saved on federal payrolls obviously would help reduce government tax bills.

## Nation's Tuberculosis Death Rate Declines; Case Numbers Remain Same

Although tuberculosis remains a major medical and public health problem in this country, the disease took only one-third as many lives in the U. S. last year as 20 years ago.

There are now 1,200,000 cases of tuberculosis in the nation, according to the latest estimates, and in 400,000 of these the disease is active. About 250,000 of the active cases are outside of hospitals and sanatoria, and of them 150,000 are either undiagnosed or unreported.

In addition, each year approximately 115,000 new cases occur which require medical treatment and supervision.

The number of known tuberculosis cases has changed little, although there has been a rapid decline in the number of deaths.

One reason is that many more

cases have been discovered due to the great increase in chest X-ray examinations, especially in hospitals, in pre-employment and periodic medical examinations industry and in community-wide tuberculosis detection campaigns.

Moreover, persons with tuberculosis now live longer, thanks to the increase in facilities for treatment, the employment of effective surgical methods in advanced disease, and the use of antibiotics and other drugs.

The death rate from the disease last year was approximately 18 per 100,000, less than half of the 1946 rate. Only 15 years ago it was nearly three times as high.

The death rate in the United States from all causes last year was 9.6 per thousand, the fifth year in succession with a rate lower than ten.

## Star in the Kitchen

VIRGINIA MAYO

Virginia Mayo, a beautiful blonde actress with both feet on the ground and a definite artistic goal, has become a maid of all work. There is no type of role she can't do. She was born Virginia Jones in St. Louis and from the time she was six years old, she recalls, she pestered her family about her determination to become a motion picture star. When she graduated high school, Virginia joined a vaudeville act, changing her last name to that of the act's star, Andy Mayo. Virginia married Michael O'Shea, on July 5, 1947. They live in San Fernando Valley and have a stable of their own horses. Standing 5 feet 5 inches, Virginia is currently seen in Warner Bros. "She's Working Her Way Through College." With an outdoor appetite, Virginia enjoys preparing:

**TOMATO-CHIESE SOUP**  
4 tablespoons butter or margarine  
4 tablespoons flour  
1 teaspoon salt  
few grains pepper  
1 teaspoon Ac'cent  
(use monosodium glutamate)  
2 cups tomato juice  
2 cups grated Cheddar cheese  
1/2 teaspoon Worcestershire sauce  
Melt butter or margarine; blend in flour, salt, pepper and Ac'cent. Add tomato juice; stir over low heat until smooth and thickened. Add cheese and Worcestershire sauce; stir until cheese melts. Serve from a tureen with bacon croutons. Makes 6 to 8 servings.

## New Rayon Fabric For Men's Suits

MEN WILL WELCOME this cool, light-weight suit of "Hukabuk," a fabric with an interesting slubbed texture made possible through use of Du Pont's thick-and-thin rayon yarn. The fabric is treated for spot and crease resistance and for water-repellency, to add important practical qualities to its attractive appearance. Nicely tailored and cut with generous pleats in the trousers, this "North-cool" suit will be comfortable, even when the temperature soars, because of the fabric's porous texture. (ANS)

Harris Calls For Revaluation Of Real Estate

A complete revaluation of all local real estate is being asked by George A. Harris, candidate for Selectman, and more than ten registered voters. It was revealed that an article for the annual Warrant calling for this action has been filed with Selectmen on Monday by Harris. The names of the other signers were not disclosed.

Harris told the Advocate, "For the past several years, we who are interested in the welfare of the Town, have heard many such requests from residents. We all talk about doing something but nothing happens."

"Hence, I have enlisted the aid of some interested citizens and have had placed on the agenda for the next Town Meeting, an article in which, at the very least, we can thoroughly discuss the problem."

Outside Firm of Experts  
"It is my opinion and that of the other sponsors of the article that the time is here in which all land and real estate of any nature should have a thorough going-over by some outside firm of experts. Many other towns and cities have done this to the benefit of the vast majority of owners. This article is not a criticism of the present Board of Assessors but rather a criticism of many of the past Boards back for several generations."

"When assessing such a large area as Arlington, no complete job can be done annually. Therefore, over a period of many years we feel that some assessments have become too high, some too small."

"Revaluing by a reputable disinterested concern will bring to all an equal base and, naturally, to a more up-to-date modern economic layout. We feel that this will be of great assistance to our Assessors and, while the cost of such a survey may seem high, in reality, the Town will receive much more revenue over the next few years in which it will pay for itself many times over."
